

# Connected Car 2025

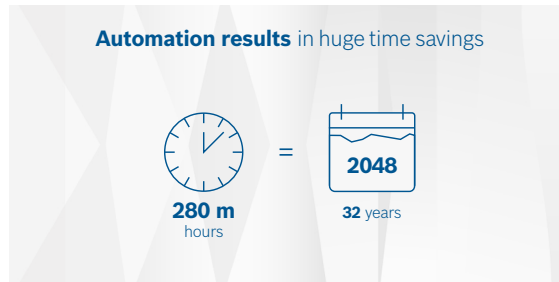

Safety, efficiency, and more free time

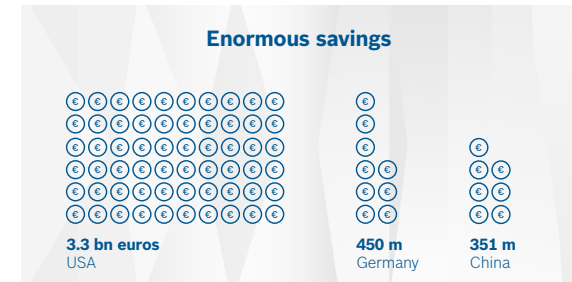

Connected mobility

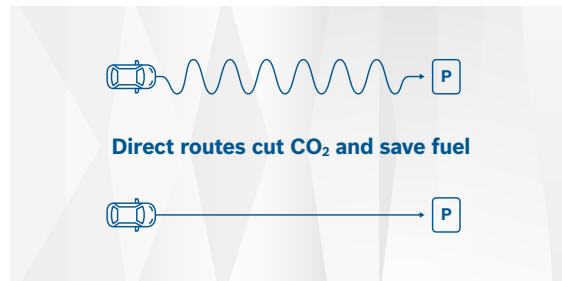

▶ Connected assistance systems could save 11,000 lives.

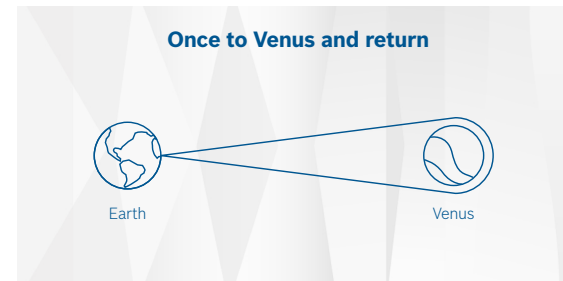

▶ Highly automated driving could save some 280 million hours of driving per year.

▶ Connected assistance systems will save up to 4.43 billion euros in material costs and collision damage.

▶ In 2025, connected functions could avoid 400,000 metric tons of CO<sub>2</sub> emissions.

▶ Connected parking technologies could save 480 million kilometers in driving distance.
